EXPLANATION OF THE REED COLLEGE TRANSCRIPT

UNIT VALUE—ONE REED UNIT IS EQUIVALENT TO 4 SEMESTER HOURS OR 6 QUARTER HOURS.

GRADING SYSTEM

AA	—Rarely given, denotes extraordinary distinction (through spring 1995)
A+, A, A-	—Excellent work
B+, B, B-	—Above average work
C+, C	—Satisfactory
C-	—Barely satisfactory
D	—Barely passing
F	—Failure
UW	—Unofficial withdrawal. Student stopped attending class, but did not officially withdraw.
W	—Withdrawal from the course after the ninth week of classes.
U	—Unfinished, for thesis only. Temporary grade used for a thesis which is not completed on time and cannot be reported with a final grade or as an Incomplete. If course is not completed within the time limit set, the U is replaced with an F.
IN	—Incomplete. At least half of the course work has been completed satisfactorily, but the rest is missing for reasons beyond the control of the student. The remainder of the work must be submitted by the first day of classes for the following semester. Fall 1973 through fall 1983 the Incomplete was changed to "NC" if work was not completed. From spring 1984 through spring 1996 the Incomplete remained unchanged if work was not completed. Beginning fall 1996, the incomplete grade is changed to the grade earned if the course is not completed.
DS	—Dismissal. Student dismissed from the class by the instructor after consultation with the student's adviser. May be reported as Dismissal or No Credit in the end-semester report.
CR	—Credit. The course was taken on a Credit/No Credit basis and was satisfactorily completed at the level of C or better.
NC	—No Credit is conferred in a CR/NC course. Few classes are offered only for CR/NC. The option of being graded in this manner is normally open only to upperclass students.
S	—Satisfactory. Progress (temporary) grade only.
IP	—Course in progress

REVISION CODES (RC)

CR	—Credit allowed for one semester of a year course.
DW	—Student withdrew from course more than two weeks beyond the mid-term grade review.
IN	—Original grade was Incomplete; course completed for a letter grade.
LB	—Registered for Lab only.
LC	—Registered for Lecture only.
NC	—Student withdrew from a year course midyear; no credit allowed.
NF	—Originally Incomplete. Not complete.
PR	—Progress grade only.
RC	—Course was approved for less than full credit by the instructor at the time of registration.
RP	—Course was repeated for grade and credit. Original grade excluded from the computation for the grade point average.
UN	—Original grade "U".
WW	—Student withdrew from college more than two weeks beyond the mid-term grade review.

CREDIT POINTS

Effective fall 1995, the grade of AA was no longer given.

Effective fall 1988, the following scale was adopted: AA=4, A+=4, A=4, A-=3.7, B+=3.3, B=3, B-=2.7, C+=2.3, C=2, C-=1.7, D=1.0, F=0.0, U=0.0.

In all cases, courses with grades of **IN**, **DS**, **CR/NC**, **UW** and **W** are omitted from computation. **EXCH** courses are also omitted from computation. When a course is repeated, only the higher grade is included in the grade point average.

Effective fall 1973, the standard 4.0 scale was adopted; i.e., all **A** grades count as 4.0, all **B** grades are 3.0, all **C** grades are 2.0, **D**=1.0, **F** and **U** are 0.0. Any +/- notation does not affect the grade point average.

QUANTITY REQUIREMENTS FOR AN UNDERGRADUATE DEGREE

Since the fall of 1963, a full course for one semester has been designated as **1 unit** which, for transcript purposes, has the value of 4 semester hours; a full course carried throughout the year has the value of two units. Students are required to accumulate at least 30 academic units in order to graduate with a Bachelor of Arts degree, 15 of which must be earned in residence at Reed College. Students of exceptional preparation and ability may be recommended for graduation by the faculty at the end of three years and upon the completion of a minimum of 27 units. Students in combined degree programs have different unit minimums.

COURSE ORGANIZATION AND NUMBERS

Some courses are offered on a year basis, i.e., it is necessary to take two consecutive semesters in order to complete them. Credit for the completion of a single semester in such a course is not allowed unless specifically authorized by the instructor. Courses numbered from 100-299 are considered to be introductory; those from 300-499 are advanced; 500 or higher indicate graduate work.

PHYSICAL EDUCATION

Each student is required to complete three semesters of physical education. Each activity runs for a period of 6 weeks. Physical education credit is not included in the 30-unit requirement for the degree.

OFF-CAMPUS PROGRAMS

Reed College offers programs for off-campus study at select foreign and domestic institutions. Students participating in these programs are registered as regular students at Reed during their time away. Off-campus courses before 2009 are listed with a two-digit course number. We now list a three-digit course number: 199, 299, 399, 469, or the equivalent Reed course number. Some subjects may be reported as **EXCH** (Exchange) or as **OICA** (Oregon Alliance of Independent Colleges and Universities cross-registration). Grades earned in off-campus programs are not included in the Reed GPA.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 (Public Law 93-380,S513):

This transcript has been forwarded at the request of the student with the understanding that it will not be released to other parties unless so authorized by the student.

REED COLLEGE is fully accredited by the Northwest Commission on Colleges and Universities. For additional professional accreditation, please refer to the latest Reed College Catalog.

TO TEST FOR AUTHENTICITY: This transcript was delivered through the eSCRIP-SAFE® Global Transcript Delivery Network. The original transcript is in electronic PDF form. The authenticity of the PDF document may be validated at escrip-safe.com by selecting the Document Validation link. A printed copy cannot be validated.

This document cannot be released to a third party without the written consent of the student. This is in accordance with the Family Educational Rights and Privacy Act of 1974. ALTERATION OF THIS DOCUMENT MAY BE A CRIMINAL OFFENSE!

If you have any questions about this document, please contact the Registrar's Office via email at registrar@reed.edu or by telephone at 503/777-7793.

GRADES AT REED

Since its founding Reed College has adhered to a distinctive educational philosophy, a critical component of which is the evaluation and grading of student academic work.

ACADEMIC RIGOR

The average GPA for all students in 2012–13 was 3.16 on a 4.00 scale. This figure has scarcely changed in the past 29 years. **Reed has experienced little or no grade inflation.** During that period, only eleven students have graduated from Reed with perfect 4.00 grade averages.

2012–13 GRADUATING CLASS

10% graduated with a GPA of 3.70 or higher
25% graduated with a GPA of 3.50 or higher
Average GPA—3.17

The absence of grade inflation at Reed reflects the rigor of the academic program and the high standards set by the faculty, rather than any deficiency in the quality of the student body.

GRADING POLICY

Students are encouraged to focus on learning, not on grades. Students are evaluated rigorously, and semester grades are filed with the registrar, but by tradition, students do not receive standard grade reports. Papers and exams are generally returned to students with lengthy comments but without grades affixed. There is no dean's list or honor roll, and Reed does not award Latin honors at graduation.

THE ENTERING CLASS 2013–14

Reed's average SAT scores are among the top dozen or so of all liberal arts colleges in the nation.

Average SAT (critical reading, mathematics, and writing)—2,051

Average high school GPA—3.93

SCHOLARSHIP AND FELLOWSHIP AWARDS

Over the years, Reed students and alumni have won:

- 31 Rhodes Scholarships (the second highest from a liberal arts college)
- 89 Fulbright Scholarships
- 64 Watson Fellowships
- 25 Mellon Fellowships since 1983
- 151 National Science Foundation fellowships

Eighteen members of the National Academy of Sciences are Reed alumni. Nearly 10 percent of Reed alumni have been, or currently are, CEOs or presidents of private companies.

RANKINGS OF GRADUATES

Reed ranks fourth in the nation among all institutions of higher learning in the per capita production of future Ph.D.s in all disciplines. It ranks third in social sciences, fourth in science and math, and fifth in humanities and art. Among more specific fields, it ranks second in life sciences, humanities, and social sciences (not including psychology, education, and communications); and third in physical sciences. (Source: National Science Foundation and Integrated Postsecondary Education Data System data).
